

translation between language and pdf

Pioneer and global leader in machine translation solutions, SYSTRAN helps organizations communicate more effectively and produce contents in multiple languages.

SYSTRAN – Translation Technologies | Online translation

Translation is the communication of the meaning of a source-language text by means of an equivalent target-language text. The English language draws a terminological distinction (not all languages do) between translating (a written text) and interpreting (oral or sign-language communication between users of different languages); under this ...
