F&S Coverage along the Value Chain of the Water Industry Treatment Technology Supply Environment(Water) & Building Technologies Design Engineering and Consulting Services

### **Sustainable Water Treatment Technologies in the 2020**

Greywater (also spelled graywater, grey water and gray water) or sullage is all wastewater generated in households or office buildings from streams without fecal contamination, i.e. all streams except for the wastewater from toilets.

### **Greywater - Wikipedia**

Can we trust science to keep our water safe to drink? Drought, increasing populations and shifting rainfall patterns are placing ever greater demands on our water supplies.

### **Catalyst: Water Recycling - ABC TV Science**

Recycling is the process of converting waste materials into new materials and objects. It is an alternative to "conventional" waste disposal that can save material and help lower greenhouse gas emissions.

### **Recycling - Wikipedia**

The Urban Water Security Research Alliance (UWSRA) is a \$50 million partnership over five years between the Queensland Government, CSIRO's Water for a Healthy Country Flagship, Griffith University and The

### **Wasting and Recycling in the United States 2000**

Arvada residents have many options for disposing of household trash, and also many opportunities to recycle! Within these pages you will find comprehensive information about available services.

### **Trash and Recycling - City of Arvada**

This bill would require the State Water Resources Control Board, in coordination with the Department of Water Resources, to adopt long-term standards for the efficient use of water, as provided, and performance measures for commercial, industrial, and institutional water use on or before June 30, 2022.

### **Bill Text - AB-1668 Water management planning.**

The success of recyclingâ€”indeed, its true value in the long termâ€”wonâ€™t depend on how much landfill space is saved but on whether or not recycling makes economic sense.

### **Recycling for Profit: The New Green Business Frontier**

In collaborations that combine our expertise with that of industry, academia and other government laboratories, our scientists and engineers deliver research tools and solutions that enable access to affordable, environmentally clean energy, and reduce our dependence on foreign energy sources.
