Mapping the dimensions of project success. Project

This document is an attempt to provide a summary of useful command-line tools available to a GNU/Linux based operating system, the tools listed are designed to benefit the majority of users and have been chosen at the authors discretion.

The Linux Documentation Project: Guides

Main findings. Many devices have become popular across generations, with a majority now owning cell phones, laptops and desktop computers. Younger adults are leading the way in increased mobility, preferring laptops to desktops and using their cell phones for a variety of functions, including internet, email, music, games, and video.

Generations and their gadgets | Pew Research Center

Employment outlook for occupations requiring an associate's degree, certificate, or some college. Plenty of occupations require more education than a high school diploma but less than a bachelor's degree.
